IMPROVE ACCOUNTABILITY, EXECUTION, AND PERFORMANCE

Why Crucial Accountability?

A culture with weak accountability is one where those who see problems say nothing because they assume they don't have the authority or skills to raise a concern. Our research shows when people see accountability as "someone else's job" they waste time, resources, and morale—specifically, employees waste \$1,500 and an eight-hour workday for every accountability discussion they avoid. These costs skyrocket when you consider that 95 percent of a company's workforce struggles to hold their colleagues accountable.

The Crucial Accountability® Course

This training teaches a straightforward, step-by-step process for identifying and resolving performance gaps, strengthening accountability, eliminating inconsistency, and reducing resentment. It uses video, group discussions, skill practice, and real-life application to make the course both entertaining and engaging.

What Does The Training Teach?

Crucial Accountability provides a methodology for effectively holding others accountable that's based on more than twenty-five years of research.

Hold anyone accountable—no matter the person's power, position, or temperament.

Master performance discussions—get positive results and maintain good relationships.

Motivate others without using power—clearly and concisely explain specific, natural consequences, and permanently resolve problems.

Manage projects without taking over—creatively help others avoid excuses, keep projects on track, and resolve performance barriers.

Move to action—agree on a plan, follow up, engage in good reporting practices, and manage new expectations.
